THIS INFORMATION DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

To: Participants in the Tulsa FOP 93 Health Benefits Plan and Dental Benefits Plan (individually and collectively, "Plan")

Effective Date of Notice: Amended July 1, 2015

In this Notice, we sometimes refer to the Plan as "we" and sometimes as the "Plan." When we say "you" or "your" in this Notice, we mean any person entitled to benefits under the Plan.

Tulsa FOP 93 Health and Welfare Trust sponsors the Plan ("Plan Sponsor") that is a "covered entity" under the Health Insurance Portability and Accountability Act ("HIPAA") privacy regulation ("Privacy Rule"). The Privacy Rule regulates the Plan's use and disclosure of protected health information ("PHI") about you. This Notice describes how we may use and disclose your PHI, as permitted by the Privacy Rule. This Notice also describes your individual rights concerning your PHI.

The term "*protected health information*" (PHI) includes all individually identifiable health information transmitted or maintained by the Plan, regardless of form (oral, written, or electronic).

Section 1. Plan Duties

Federal law says that we must maintain the privacy of your PHI and give you notice of our legal duties and privacy practices concerning your PHI. We must follow the terms of this Notice, as currently in effect. However, we have the right to change the terms of this Notice at any time and to make the new Notice provisions effective for all PHI that we have then or will later have. We will provide you with a revised Notice if we make material changes to our privacy practices.

Section 2. Required PHI Uses and Disclosures

The following categories describe the types of uses and disclosures of your PHI that we are required to make.

Required Access. Upon your request, we are required to give you access to certain PHI in order to copy, inspect, or amend it, or if you ask for an accounting of certain types of disclosures.

For Compliance Purposes. Use and disclosure of your PHI may be required by the Secretary of the Department of Health and Human Services without your authorization to investigate or determine our compliance with the Privacy Rule.

Section 3. Primary Uses and Disclosures of Your PHI

The following categories describe the types of uses and disclosures of your PHI that we are permitted to make without your written authorization.

For Treatment Purposes. We may disclose PHI about you for the treatment activities of a health care provider, as permitted by the Privacy Rule. These activities include a health care provider's providing, coordinating or managing your health care and related services, health care providers' consulting with one another about you, and referrals by one provider to another. For example, we may disclose your Plan enrollment status to a hospital in connection with a planned admission without your authorization.

For Payment Purposes. We may use or disclose your PHI for our payment activities and those of other covered entities and health care providers, as permitted by the Privacy Rule. For example, without your authorization, we may disclose your PHI in order to make coverage determinations and payment (including billing, claims management and plan reimbursement). In the same way, we may also disclose your PHI to another covered entity or a health care provider for its payment activities. For example, without your authorization, we may disclose your PHI to a health care provider who has filed a claim for payment for health care services provided to you.

For Health Care Operations. We may use or disclose your PHI for our own health care operations activities, as permitted by the Privacy Rule. We may also disclose your PHI to another covered entity for its own health care operations activities. If we participate in an organized health care arrangement, we may also disclose PHI about an individual to another covered entity that participates in the organized health care arrangement for any health care operations activities of the organized health care arrangement. Health care operations activities for this purpose include: (i) quality assessment and improvement activities; (ii) population-based activities relating to reducing health care costs; (iii) case management and care coordination; (iv) evaluating health plan performance; (v) underwriting, premium rating and similar activities; and (vi) the general business management and general administrative activities of the entity

for whom the health care operations activities are performed. For example, without your authorization, we may use or disclose information about your claims to project future benefit costs or audit the claims processing functions. However, we may not use or disclose PHI that is “genetic information”, as required by the Genetic Information Non-Discrimination Act (GINA) for “underwriting purposes.”

To Business Associates. We may disclose your PHI without your authorization to our third party “business associates” that perform various activities on our behalf. These business associates may include, but are not limited to, third party claims administrators and consultants. We require these business associates to appropriately safeguard the privacy of your PHI in compliance with the Privacy Rule.

For Health Related Services. We may use your PHI to contact you with information about health related benefits and services, such as refill reminders, or about treatment alternatives that may be of interest to you. We may disclose your PHI to a Business Associate to assist us in these activities. We may use or disclose your PHI to encourage you to purchase or use a product or service by face-to-face communication or to provide you with nominal promotional gifts.

To the Plan Sponsor. We may disclose your PHI to the sponsor of the Plan for purposes related to treatment, payment, and health care operations. The Plan Sponsor has amended the Plan document to protect your PHI, as required by the Privacy Rule. For example, without your authorization, we may disclose your PHI to the Plan Sponsor so that it may evaluate plan design changes.

Section 4: Uses and Disclosures of Your PHI that Require Your Written Authorization

The following categories describe types of uses and disclosures of your PHI that generally require your written authorization. You may give us written authorization to use your PHI or to disclose it to another person for the purpose you designate. If you give us an authorization, you may revoke it at any time, but only if you make the request to revoke in writing and give or send it to the Plan’s Privacy Contact or Office at the address below. Your revocation of an authorization will not apply to any action the Plan has already taken in reliance on such authorization. Unless you give us written authorization, we cannot use or disclose your PHI for any reason not described in this Notice or as permitted by law.

Psychotherapy Notes. Your written authorization generally will be obtained before the Plan will use or disclose psychotherapy notes about you. Psychotherapy notes are separately filed notes about your conversations with your mental health professional during a counseling session. They do not include summary information about your mental health treatment. The Plan may use and disclose such notes when needed by the Plan to defend against litigation filed by you.

For Marketing Purposes. Your written authorization generally will be obtained for any use or disclosure of PHI for marketing, which means a communication to encourage you to purchase or use a product or service. Marketing does not include communications for health related purposes, as described above.
