ACTIVATE YOUR IDENTITY GUARD® MEMBERSHIP TODAY

Donaldson King, Jr.

As you may have heard, IDG - Election File Test added Identity Guard® to its comprehensive employee benefits offerings.

Identity Guard helps you protect what's most important to you – your identity. Identity Guard continually monitors your personal information on the dark web, identifies vulnerabilities with help from IBM Watson's artificial intelligence, sends you alerts about potential fraud in as few as three seconds, and provides you with the help you need when you need it. Additional Identity Guard services are available to help protect your family too.

To ensure your Identity Guard service is active and you receive the full benefits of your Identity Guard membership, you need to register for an Identity Guard plan.

- First, you will need to answer a couple questions to confirm you're eligible for the program available to employees of IDG - Election File Test.
- Upon confirmation, you will select the identity protection plan that best fits your needs.

Please make sure you read all of the available plans before you make your selection.

- Then, you will be required to provide personal information (such as your name, address, date of birth, and Social Security Number) to complete your registration.

If you don't complete the registration, your Identity Guard service won't be active.

For security reasons, we recommend you register on a PC or laptop, not on a mobile device.

[REGISTER NOW](#)

Thank you for trusting us to help protect your identity.

If you have any questions, please call us at 1-855-443-7748. We're available Monday-Friday, 8:00am-11:00pm and Saturday, 9:00am-6:00pm, EST.

Putting your security first,

Identity Guard®

Phone Number Only Registration

In some cases, an email is not available and only a phone number can be provided. In these scenarios, Users have 3 options for registering:

1. On or around the benefit effective date, Aura Identity Guard's system will call using the phone number provided on the enrollment file. The outbound call will provide the activation URL (see bullet 2) and instructions for accessing their dashboard.
2. The User can go directly to www.identityguard.com/start to begin the activation process and access their dashboard.
3. The User can contact Aura Identity Guard's Customer Care team at 855-443-7748 for assistance with updating their information and accessing their dashboard

When the User launches the URL, the User activates their subscription as shown below.
