

Continuation of Coverage for **RETIREMENT** or **TERMINATION**

HOW DO I CONTINUE INSURANCE COVERAGE AFTER RETIREMENT OR TERMINATION?

Upon retirement or termination of employment, you may be eligible to continue some of your insurance coverages through COBRA, Portability and/or Conversion. Here is a brief definition of each:

COBRA

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal law that allows eligible employees to continue health insurance coverage for a period of time after termination of employment. COBRA allows former employees, retirees, spouses, and dependent children to retain the same health insurance coverage at group rates that otherwise would be lost with the job.

While these individuals will likely pay more for health insurance coverage through COBRA than they would have as an employee, COBRA coverage is typically less expensive than an individual health insurance plan would be. You should receive information about your COBRA rights within 14 days of your end of employment. You have up to 60 days to elect or decline COBRA coverage.

The following chart shows the maximum period for which continuation coverage must be offered for the specific qualifying event reasons:

Qualifying Event	Qualified Beneficiaries	Maximum Period of Coverage Continuation
Termination (except gross misconduct) or reduction in hours of employment	Employee, Spouse, Dependent Child	18 months
Divorce or legal separation	Spouse, Dependent Child	36 months
Death of employee	Spouse, Dependent Child	36 months
Loss of dependent child status under the plan	Spouse, Dependent Child	36 months
Employee enrollment in Medicare	Spouse, Dependent Child	36 months

PORTABILITY

Portability allows eligible insured employees to “port” or continue the group insurance coverage that was in force when employment ends. Depending on the policy, ported coverage may continue at the same rates or your premiums may change to a ported class. With portability, you continue to have group policy at the same level of coverage that was in force prior to your employment termination. Some restrictions or limitations may apply, please refer to your policy.

Please note that you must complete an application for Portability within 30 days of your employment end date.

CONVERSION

Conversion transitions your group coverage into an individual policy. You can keep the same level of coverage as you had in force prior to employment ending or you may choose to reduce your level of coverage. Depending on the product, the conversion coverage may be a different form of insurance, especially with life insurance. Conversion premiums are typically higher than your group coverage, but conversion gives you ownership of the policy. Some restrictions or limitations may apply, please refer to your policy.

Please note that you must complete an application for Conversion within 30 days of your employment end date.
