

Critical Illness

Heart attacks, cancer and strokes happen every day and often unexpectedly. They don't give you time to prepare and can take a serious toll on both your physical and financial well-being. Chubb Critical Illness pays cash benefits directly to you that you can use to help with your bills, your mortgage, your rent, your childcare—you name it—so you can focus on recovery.

Every 40 seconds

someone has a heart attack.¹

Americans don't have enough money readily available to cover an unexpected \$400 expense.²
