These limits are applied for each insolvent insurance company.

Insurance companies and agents are prohibited by law from using the existence of the Association for the purpose of sales, solicitation, or inducement to purchase any form of insurance. Notice of HIPAA Privacy Practices for Protected Health Information

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This notice is effective as of June 15, 2018.

The Chubb Group of Companies, as affiliated covered and hybrid entities, (the "Company") is required by law to take reasonable steps to ensure the privacy of your personally identifiable health information, and to inform you about:

- The Company's uses and disclosures of Protected Health Information ("PHI");
- Your privacy rights with respect to your PHI;
- The Company's duties with respect to your PHI;
- Your right to file a complaint with the Company and to the Secretary of the U.S. Department of Health and Human Services ("HHS"); and
- The person or office to contact for further information regarding the Company's privacy practices.

PHI includes all individually identifiable health information transmitted or maintained by the Company, regardless of form (e.g. oral, written, electronic).

A federal law, the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), regulates PHI use and disclosure by the Company. You may find these rules at 45 *Code of Federal Regulations* Parts 160 and 164. This notice attempts to summarize the regulations. The regulations will supersede any discrepancy between the information in this notice and the regulations.

I. Notice of PHI Uses and Disclosures

A. Required Uses and Disclosures

Upon your request, the Company is required to give you access to certain PHI in order to inspect and copy it.

Use and disclosure of your PHI may be required by the Secretary of Health and Human Services to investigate or determine the Company's compliance with the privacy regulations.

B. Uses and Disclosures to Carry Out Treatment, Payment, and Health Care Operations

The Company and its business associates will use PHI without your consent, authorization or opportunity to agree or object to carry out treatment, payment and health care operations. The Company also may also disclose PHI to a plan sponsor for purposes related to treatment, payment and health care operations and as otherwise permitted under HIPAA to the extent the plan documents restrict the use and disclosure of PHI as required by HIPAA.

Treatment is the provision, coordination or management of health care and related services. It also includes but is not limited to consultations and referrals between one or more of your providers. For example, the Company may disclose to a treating orthodontist the name of your treating dentist so that the orthodontist may ask for your dental X-rays from the treating dentist.

Payment includes, but is not limited to, actions to make coverage determinations and payment (including establishing employee contributions, claims management, obtaining payment under a contract of reinsurance, utilization review and pre-authorizations). For example, the Company may tell a doctor whether you are eligible for coverage or what percentage of the bill will be paid by the Company.

Health care operations include, but are not limited to, underwriting, premium rating and other insurance activities relating to creating or reviewing insurance contracts. It also includes disease management, case management, conducting or arranging for medical review, legal services and auditing functions including fraud and abuse compliance programs, business planning and development, business management and general administrative activities. For example, the Company may use information about your claims to refer you to a disease management program, project future benefit costs or audit the accuracy of its claims processing

functions. The Company will not use or disclose PHI that is genetic information for underwriting purposes.

The Company also may contact you to provide appointment reminders or information about treatment alternatives or health-related benefits and services that may be of interest to you.

C. Uses and Disclosures that Require Your Written Authorization

The Company will not use or disclose your PHI for the following purposes without your specific, written authorization:

- Use and disclosure of psychotherapy notes, except for your treatment, Company training programs, or to defend Company against litigation filed by you.
- Use and disclosure for marketing purposes, except for face to face communications with you.
- Use and disclosure that constitute the sale of your PHI. The Company does not sell the PHI of its customers.

Except as otherwise indicated in this notice, uses and disclosures of PHI will be made only with your written authorization subject to your right to revoke such authorization. You may revoke an authorization by submitting a written revocation to the Company at any time. If you revoke your authorization, the Company will no longer use or disclose your PHI under the authorization. However, any use or disclosure made in reliance of your authorization before its revocation will not be affected.

D. Uses and Disclosures Requiring Authorizations or Opportunity to Agree or Disagree Prior to the Use or Release

If you authorize in writing the Company to use or disclose your own PHI, the Company may proceed with such use or disclosure without meeting any other requirements and the use or disclosure shall be consistent with the authorization.

Disclosure of your PHI to family members, other relatives or your close personal friends is allowed if:

- The information is directly relevant to the family or friend's involvement with your care or payment for that care; and
- You have either agreed to the disclosure or have been given an opportunity to object and have not objected.

E. Uses and Disclosures for which Consent, Authorization or Opportunity to Object is Not Required

Use and disclosure of your PHI is allowed without your authorization or request under the following circumstances:

(1) When required by law.

(2) When permitted for purposes of public health activities, including when necessary to report product defects and to permit product recalls and to conduct post-market surveillance. PHI may also be used or disclosed if you have been exposed to a communicable disease or are at risk of spreading a disease or condition, if authorized by law.

(3) When authorized by law to report information about abuse, neglect or domestic violence. In such case, the Company will promptly inform you that such a disclosure has been or will be made unless that notice would cause a risk of serious harm. For the purpose of reporting child abuse or neglect, it is not necessary to inform the minor that such a disclosure has been or will be made. Disclosure may generally be made to the minor's parents or other representatives although there may be circumstances under federal or state law where the parents or other representatives may not be given access to the minor's PHI.

(4) The Company may disclose your PHI to a public health oversight agency for oversight activities authorized by law. This includes uses or disclosures in civil, administrative or criminal investigations; inspections; licensure or disciplinary actions (for example, to investigate complaints against providers); and other activities necessary for appropriate oversight of government benefit programs (for example, to investigate Medicare or Medicaid fraud).

(5) The Company may disclose your PHI when required for judicial or administrative proceedings. For example, your PHI may be disclosed in response to a subpoena or discovery request provided certain conditions are met. One of those conditions is that satisfactory assurances must be given to the Company that the requesting party has made a good faith attempt to provide written notice to you, and the notice provided sufficient information about the proceeding to permit you to raise an objection and no objections were raised or were resolved in favor of disclosure by the court or tribunal.

(6) When required for law enforcement purposes (for example, to report certain types of wounds).

(7) For law enforcement purposes, including for the purpose of identifying or locating a suspect, fugitive, material witness or missing person. Also, when disclosing information about an individual who is or is suspected to be a victim of a crime but only if the individual agrees to the disclosure or the covered entity is unable to obtain the individual's agreement because of emergency circumstances. Furthermore, the law enforcement official must represent that the information is not intended to be used against the individual, the immediate law enforcement activity would be materially and adversely affected by waiting to obtain the individual's agreement and disclosure is in the best interest of the individual as determined by the exercise of the Company's best judgment.

(8) When required to be given to a coroner or medical examiner for the purpose of identifying a deceased person, determining a cause of death or other duties as authorized by law. Disclosure is permitted to funeral directors, consistent with applicable law, as necessary to carry out their duties with respect to the decedent. The Company may also disclose your PHI to organ procurement organizations.

(9) The Company may use or disclose PHI for government-approved research, subject to conditions.

(10) When consistent with applicable law and standards of ethical conduct if the Company, in good faith, believes the use or disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public and the disclosure is to a person reasonably able to prevent or lessen the threat, including the target of the threat.

(11) For certain government functions such as related to military service or national security.

(12) When authorized by and to the extent necessary to comply with workers' compensation or other similar programs established by law.

(13) That is "incident to" an otherwise permitted use or disclosure of PHI by the Company.

II. Rights of Individuals

A. Right to Request Restrictions on Use and Disclosure of PHI

You may request the Company to restrict its use and disclosure of your PHI to carry out treatment, payment or health care operations, or to restrict its use and disclosure to family members, relatives, friends or other persons identified by you who are involved in your care or payment for your care. However, the Company may not be required to agree to your request, unless you have paid out of pocket in full for services, depending on the specific facts.

The Company will accommodate reasonable requests to receive communications of PHI by alternative means or alternative locations, such as a location other than your home. The Company will accommodate this request if you state in writing that you would be in danger from receiving communications through the normal means.

You or your personal representative will be required to complete a form to request restrictions on uses and disclosures of your PHI.

Such requests should be made to: Leslie Kaltenbach, Senior Privacy Officer & Compliance Manager, Chubb Group, 202 Hall's Mill Road, Whitehouse Station, NJ 08889, phone: 1-833-802-4822.

B. Right to Inspect and Copy PHI

You have a right to inspect and obtain a copy of your PHI contained in a "designated record set," for as long as the Company maintains the PHI.

"*Protected Health Information*" (PHI) includes all individually identifiable health information transmitted or maintained by the Company, regardless of form.

"*Designated Record Set*" includes the medical records and billing records about individuals maintained by or for a covered health care provider; enrollment, payment, billing, claims adjudication and case or medical management record systems maintained by or for a health plan; or other information used in whole or in part by or for the covered entity to make decisions about individuals.

Information used for quality control or peer review analyses and not used to make decisions about individuals is not in the designated record set.

The requested information will be provided within 30 days if the information is maintained on site or within 60 days if the information is maintained offsite. A single 30-day extension is allowed if the Company is unable to comply with the deadline.

You or your personal representative will be required to complete a form to request access to the PHI in your designated record set. Requests for access to PHI should be made to: Leslie Kaltenbach, Senior Privacy Officer & Compliance Manager, Chubb Group, 202 Hall's Mill Road, Whitehouse Station, NJ 08889, phone: 1-833-802-4822.

If access is denied, you or your personal representative will be provided with a written denial setting forth the basis for the denial, a description of how you may exercise those review rights and a description of how you may complain to the Secretary of Health and Human Services.

C. Right to Amend PHI

You have the right to request the Company to amend your PHI or a record about you in a designated record set for as long as the PHI is maintained in the designated record set.

The Company has 60 days after the request to act on the request. A single 30-day extension is allowed if the Company is unable to comply with the deadline. If the request is denied in whole or part, the Company must provide you with a written denial that explains the basis for the denial. You or your personal representative may then submit a written statement disagreeing with the denial and have that statement included with any future disclosures of your PHI.

Requests for amendment of PHI in a designated record set should be made to: Leslie Kaltenbach, Senior Privacy Officer & Compliance Manager, Chubb Group, 202 Hall's Mill Road, Whitehouse Station, NJ 08889, phone: 1-833-802-4822.

You or your personal representative(s) will be required to complete a form to request amendment of the PHI in your designated record set.

D. Right to Receive an Accounting of PHI Uses and Disclosures

Upon your request, the Company will provide you with an accounting of disclosures by the Company of your PHI during the six (6) years prior to the date of your request. However, such accounting need not include PHI disclosures made: (1) to carry out treatment, payment or health care operations; (2) to individuals about their own PHI; (3) prior to the compliance date; or (4) based upon your own written authorization.

If the accounting cannot be provided within 60 days, an additional 30 days is allowed if the individual is given a written statement of the reasons for the delay and the date by which the accounting will be provided.

If you request more than one accounting within a 12-month period, the Company will charge a reasonable, cost-based fee for each subsequent accounting.

E. Right to Obtain a Paper Copy of This Notice Upon Request (Even if you have consented to receive this notice electronically)

To obtain a paper copy of this notice contact: Leslie Kaltenbach, Senior Privacy Officer & Compliance Manager, Chubb Group, 202 Hall's Mill Road, Whitehouse Station, NJ 08889, phone: 1-833-802-4822.

F. Note About Personal Representatives

You may exercise your rights through a personal representative. Your personal representative will be required to produce evidence of his/her authority to act on your behalf before that person will be given access to your PHI or allowed to take any action for you. Proof of such authority may take one of the following forms:

- A power of attorney for health care purposes, notarized by a notary public;
- A court order of appointment of the person as the conservator or guardian of the individual; or
- An individual who is the parent of a minor child.

The Company retains discretion to deny access to your PHI to a personal representative to provide protection to those vulnerable people who depend on others to exercise their rights under these rules and who may be subject to abuse or neglect. This also applies to personal representatives of minors.

III. The Company's Duties

The Company is required by law to maintain the privacy of PHI and to provide individuals (participants and beneficiaries) with notice of its legal duties and privacy practices and to notify affected individuals of a breach of unsecured PHI. The Company is required to abide by the terms of this notice.

The Company reserves the right to change its privacy practices and to apply the changes to any PHI received or maintained by the Company prior to that date. If a privacy practice is changed, a revised version of this notice will be provided to all past and present participants and beneficiaries for whom the Company still maintains PHI. This notice and any revised version of this notice will be posted on the Company's internal website or mailed.

Any revised version of this notice will be distributed within 60 days of the effective date of any material change to the uses or disclosures, the individual's rights, the duties of the Company or other privacy practices stated in this notice.

A. "Minimum Necessary" Standard

When using or disclosing PHI, or when requesting PHI from another covered entity, the Company will make reasonable efforts not to use, disclose or request more than the minimum amount of PHI necessary to accomplish the intended purpose of the use, disclosure or request, taking into consideration practical and technological limitations.

However, the minimum necessary standard will not apply in the following situations:

- Disclosures to or requests by a health care provider for treatment;
- Uses or disclosures made to the individual;
- Disclosures made to the Secretary of HHS;
- Uses or disclosures that are required by law; and
- Uses or disclosures that are required for the Company's compliance with legal regulations.

This notice does not apply to information that has been "de-identified." *De-identified information* is information that does not identify an individual and with respect to which there is no reasonable basis to believe that the information can be used to identify an individual. De-identified information is not individually identifiable health information.

In addition, the Company may use or disclose "summary health information" to a plan sponsor for obtaining premium bids or modifying, amending or terminating the Company, which summarizes the claims history, claims expenses or type of claims experienced by individuals for whom the Company Sponsor has provided health benefits under the Company; and from which identifying information has been deleted in accordance with HIPAA.

IV. Your Right to File a Complaint with the Company or the HHS Secretary

If you believe that your privacy rights have been violated, you may complain to the Company in care of: Leslie Kaltenbach, Senior Privacy Officer & Compliance Manager, Chubb Group, 202 Hall's Mill Road, Whitehouse Station, NJ 08889, phone: 1-833-802-4822.
