Benefit Exclusions

Like any coverage, this dental coverage does have some exclusions.

- The plan does not cover services started before coverage begins or after it ends. Benefits are limited to appropriate and necessary procedures listed in the summary plan description. Benefits are not payable for duplication of services. Covered expenses will not exceed the summary plan description's allowances.
- Plan benefits are not payable for a condition that is covered under Workers' Compensation or a similar law; that occurs during the course of employment or military service or involvement in an illegal occupation, felony, or riot; or that results from a self-inflicted injury.
- In certain situations, there may be more than one method of treating a dental condition. This summary plan description includes an alternative benefits provision that may reduce benefits to the lowest-cost, generally effective, and necessary form of treatment.
- Certain conditions, such as age and frequency limitations, may impact your coverage. See the summary plan description for details.
- This plan includes continuation of coverage for employees with dental coverage from a previous employer. The member is required to complete the Continuity of Coverage form located on www.lfg.com. The form must be provided to us prior to the effective date to be eligible for continuation of coverage.

A complete list of benefit exclusions is included in the summary plan description.
