

# IMPORTANT NOTICE: Your CareATC Mail Order Refills Will No Longer Auto-Ship

## IMPORTANT NOTICE: Your refills will no longer auto-ship.

Starting September 1, 2024, you will need to request a refill two weeks prior to your last dose.

To request a refill, you can:

- Call Sav-Rx at 402.753.2850 (Phone number listed on prescription labels)
- Or save time with the Sav-Rx Mobile App

*If you are out of refills with SavRx, call your CareATC health center to request a refill or schedule a follow-up appointment if needed.*

Visit [app.savrx.com](http://app.savrx.com) or scan the QR code below to get started:

### Why have the medications available to me changed?

To continue providing your medications at no cost, we've customized the medication formulary to target the most prescribed drugs.

### Effective Date:

These changes will take effect on **September 1, 2024**.

### Is your medication still covered?

Check the updated formulary for the full list of no-cost generic medications available at CareATC Health Centers.

*These changes only apply to medications received through the CareATC mail order program. If you are getting medications through your health insurance plan at an outside pharmacy, these instructions do not apply.*

**Questions?** Message your provider or call your health center by logging in to the CareATC Mobile App.
