Portability

Porting coverage continues your benefit under the group policy. Portability does not create an individual policy. Your premiums may increase/decrease because they are solely based on the coverage functionalities under the rules/guidelines of the group policy. Coverage amounts will follow the same reduction schedule of the group policy. Ported coverage that has reduced may be converted. You are not eligible to apply for portable coverage for yourself and your dependents, if you have a medical condition which has a material effect on life expectancy. In addition, a dependent is not eligible for portable coverage if he or she has a medical condition which has a material effect on life expectancy.

Conversion

Conversion moves coverage to an individual policy. Conversion premiums are much higher, but conversion gives you ownership of the policy. Coverage is not subject to the reduction schedule of the group policy.

Important Deadline

You must contact insurance carriers directly and submit required forms and payment **within 30 days of termination/retirement** in order to continue non-cobra coverage. Please visit www.region11bc.com to print forms or obtain directly from the carriers.
