What is Accident Insurance?

Accident Insurance pays you benefits for specific injuries and events resulting from a covered accident. The amount paid depends on the type of injury and care received. You have the option to elect Accident Insurance to meet your needs. Accident Insurance is a limited benefit policy. It is not health insurance and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

You may qualify to receive benefits for items listed below, as long as they are the result of a covered accident. See the certificate of insurance and any riders for specific details.

- Accident hospital care
- Follow-up care
- Common Injuries
- Emergency care benefits

Other features of Accident Insurance include:

- Guaranteed Issue: No medical questions or tests required for coverage.
- Flexible: You can use the benefit money for any purpose you like.
- Payroll deductions: Premiums are paid through convenient payroll deductions.
- Portable: Should you leave your current employer or retire, you can take your coverage with you.

How can Accident Insurance help?

Below are a few examples of how your Accident Insurance benefits could be used:

- Medical expenses, such as deductibles and copays
- Home healthcare costs
- Lost income due to lost time at work
- Everyday expenses like utilities and groceries

Who is eligible for Accident Insurance?

- You—all active employees working at least 15 hours per week.
- Your spouse*— under age 70. Coverage is available only if employee coverage is elected.
- Your child(ren)— to age 26. Coverage is available only if employee coverage is elected.

What accident benefits are available?

The following list includes the benefits provided by Accident Insurance. The benefit amounts paid depend on the type of injury and care received. You may be required to seek care for your injury within a set amount of time. Note that there may be some variation by state. For a list of standard exclusions and limitations, go to the end of this document. For a complete description of your available benefits, along with applicable provisions, exclusions and limitations, see your certificate of insurance and any riders.

What does my Accident Insurance include?

The benefits listed below are included with your accident coverage. For a list of standard exclusions and limitations, please refer to the end of this document. For a complete description of your available benefits, along with applicable provisions, exclusions and limitations, see your certificate of insurance and any riders.

- **Spouse Accident Insurance**: If you have coverage for yourself, you may enroll your spouse, as long as your spouse is under age 70 and is not covered under the Policy as an Employee.
 - Your spouse will receive the same base coverage as you.
 - Guaranteed Issue: No medical questions or tests required for coverage.

² Closed Reduction of Dislocation = Non-surgical reduction of a completely separated joint. Open Reduction of Dislocation = Surgical reduction of a completely separated joint.

³ Closed Reduction of Fracture = Non-surgical. Open Reduction of Fracture = Surgical.

- Children's Accident Insurance: As long as you have accident coverage on yourself, your natural child(ren), stepchild(ren), adopted child(ren) or child(ren) for whom you are a legal guardian are eligible to be covered under your employer's plan, up to the age of 26.
 - Your child(ren) will receive the same base coverage as you.
 - o Guaranteed Issue: No medical questions or tests required for coverage.
 - One premium amount covers all of your eligible children.
 - If both you and your spouse are covered under the policy as an employee, then only one, but not both, may cover the same child(ren) under this benefit. If the parent who is covering the child(ren) stops being insured as an employee then the other parent may apply for children's coverage.
- **Wellness Benefit:** This provides an annual benefit payment if you complete a health screening test. You may only receive a benefit once per year, even if you complete multiple health screening tests.
 - Examples of health screening tests include but are not limited to: Pap test, serum cholesterol test for HDL and LDL levels, mammography, colonoscopy, and stress test on bicycle or treadmill.
 - The annual benefit is \$50 for completing a health screening test.
 - If your spouse and/or children are/is covered for Accident Insurance, they are also covered by the Wellness Benefit. Your spouse's benefit amount is also \$50. The benefit for child coverage is 50% with an annual maximum of \$100 for children's benefits.
- Accidental Death and Dismemberment (AD&D) Benefit: If you are severely injured or die as a result of a
 covered accident, an AD&D benefit may be payable to you or your beneficiary.
 - If your spouse and/or children are/is covered for Accident Insurance, they are covered for this additional benefit.
