

Clearly simple: Humana vision

Vision health impacts overall health

Eye examinations not only help your vision, your doctor can catch major health issues, too. Many diseases can be diagnosed by looking into your eyes including diabetes, hypertension, multiple sclerosis, high blood pressure, osteoporosis, and rheumatoid arthritis.²

Focus on healthy eyesight with a Humana Vision Care Plan

Periodic eye examinations are an important part of routine preventive healthcare. Because many eye and vision conditions have no obvious symptoms, you may be unaware of problems. Early diagnosis and treatment are important for maintaining good vision and preventing permanent vision loss.¹

With Humana Vision Care Plan options, you get:

- Plans that are easy to use and understand
- Access to one of the largest networks in the United States, with more than 44,000 provider locations including independent optometrists and ophthalmologists
- Wholesale pricing on frames, avoiding high retail markups
- Access to **HumanaVisionCare.com**, where you can view benefits, check eligibility, and use other automated services
- Provider locator services through **HumanaVisionCare.com**, Customer Care, or our automated information line
- Discounts on Lasik and PRK procedures
- Genuine customer service

Preserve and protect your eyesight with a Humana Vision Care Plan.
