

24/7 Telemedicine

CareATC partners with MDLIVE to offer fast, simple and uncomplicated telemedicine services – anytime, anywhere. CareATC provides access to around-the-clock, no cost medical care through our mobile app or online, while still offering treatment to our patients at the first sign of illness.

Features

- Physicians – MDLIVE’s physicians are U.S. Board Certified and able to treat a wide range of patients and conditions
- 24/7/365 Access to Care
- \$0 Consultation Fee to CareATC Patients
- Nationwide Network
- Integration with CareATC Portal and Mobile App
- On-call bilingual physicians (Spanish)
- 100% HIPAA compliant

How It Works

1. Download the CareATC Mobile App.
2. Sign in to your CareATC account on the patient portal or mobile app.
3. Click “Telemedicine” to be automatically signed in to MDLIVE. From there, you can start a consultation with one of MDLIVE’s network physicians.

Note: Your full physical address must be on file to access MDLIVE Telemedicine. You can double check your info by logging in at portal.careatc.com or calling CareATC at 800.993.8244.
