Our annual enrollment period is upon us and we want to take some time to help you better understand your benefit choices and changes.

As part of THEbenefitsHUB, you will be able to access information about our benefit plan through a benefits website located at www.mybenefitshub.com/lufkinisd.

In the upper right-hand corner of the website homepage, you'll see a login link that will be fully operational when it's time for you to enroll in your upcoming plan year benefits.

Even if you do not need to make changes to your benefits, it's important to review your elections and beneficiary designations annually.
