

Discover your Health Screening Benefits

Health screenings are an important part of managing your health. That's why your Hospital Indemnity insurance coverage from MetLife provides a Health Screening Benefit¹ (HSB) for covered screenings and tests. Now, everyone who's enrolled — you, your spouse, and dependent children — can earn a benefit just for taking care of their health.

For women in their 40s and 50s, **annual mammogram screenings decrease breast cancer deaths** by 15 to 29%.³

Examples of covered screening and prevention tests may include **a blood test to determine total cholesterol, a blood test to determine triglycerides, endoscopy, or colonoscopy**. For a complete list of what's covered, please see a copy of your certificate.

Here's an example of how it works.

Susan's doctor conducts a blood test to determine total cholesterol, which is one of the many screenings or tests covered by MetLife. Afterward, Susan contacts MetLife by calling 1-800-GET-MET8 to submit her HSB claim. All Susan needs to provide is her physician's name, phone number and address, plus the test and the date it was completed. A check for Susan's HSB benefit payment is on the way within a few business days once her claim is processed. It's that easy!

Claiming your Health Screening Benefit is as simple as 1-2-3.

1. **Call 1-800-GET-MET8.** (800-438-6388)
2. **Provide a few details**, including:
 - The healthcare provider's name, address, and phone number
 - The screening/test and the date it was completed
 - Address where the test/screening was performed
3. **Receive your HSB payment.** (Checks are typically issued within a few business days once your claim has been processed)

You can submit multiple claims for your spouse or dependent children, all on one call.

You may also file your Health Screening Benefit online through the MyBenefits portal at www.metlife.com/mybenefits, through the MetLife Mobile App, or by mail with a paper claim form.
