## Benefit Exclusions

Like any coverage, this dental coverage does have some exclusions.

- The policy does not cover services started before coverage begins or after it ends. Benefits are limited to appropriate and necessary procedures listed in the policy. Benefits are not payable for duplication of services. Covered expenses will not exceed the policy's usual and customary allowances.
- Benefits are not payable for a condition that is covered under Workers' Compensation or a similar law; that occurs during the course of employment or military service or involvement in an illegal occupation, felony, or riot; or that results from a self-inflicted injury.
- The policy does not cover an orthodontia treatment plan started before coverage begins unless the member was receiving orthodontia benefits from the employer's previous group dental policy. In this case, Lincoln Financial will continue orthodontia benefits until the combined benefit paid by both policies is equal to this summary plan description's lifetime orthodontia maximum.
- In certain situations, there may be more than one method of treating a dental condition. The policy includes an alternative benefits provision that may reduce benefits to the lowest-cost, generally effective, and necessary form of treatment.
- Certain conditions, such as age and frequency limitations, may impact your coverage. See the policy for details.

This is an incomplete list of benefit exclusions. A complete list is included in the policy. State variations apply.
