Minimum Account Balance and How We Determine the Interest Rate

There is a \$100.00 minimum account balance required to open a health savings account or to obtain the annual percentage yield disclosed. We use the daily balance method to calculate the interest on your account. The daily balance method applies a daily periodic rate to the principal in the account each day. Interest is compounded daily and credited monthly. Interest begins to accrue no later than the business day that we receive credit for the deposit of non-cash items (for example, checks). The interest rate and annual percentage yield (APY) is based on the balance in your account. The interest rate and annual percentage yield available on your account is as follows, effective as of May 5, 2022.

Daily Balance	Interest Rate	APY
\$10,000.00 - More	0.43%	0.43%
\$5,000.00 - \$9,999.99	0.33%	0.33%
Less Than \$5,000.00	0.15%	0.15%

This interest rate is subject to change at our discretion at any time. Fees may reduce your earnings.

1) You may incur a lesser fee than that disclosed to you when your account has insufficient funds to cover the entire amount of the fee.

2) The balance waiver amount reflects the minimum daily balance that must be maintained in the Bank of Brenham health savings account for the calendar month to prevent the monthly account maintenance fee.

3) Distributions from your Health Savings Account presented in the form of checks, ACH withdrawal or other electronic means will be returned unpaid if there are insufficient funds in your account to cover the amount of the withdrawal, and you will be charged a Non Sufficient Funds fee.

4) The bank/ATM you use may charge you their own fee. Bank of Brenham customers using an ATM in the SUM Network will not be charged a fee.
