Coverage for Emergency Air Transportation by fixed-wing aircraft shall be due, exclusively, to: (a) the unavailability and/or inefficiency of transport by rotary aircraft or ground transport, and (b) necessity of specialized treatment for a Serious Emergency not immediately available locally. Transport must result from the request or recommendation by a first-responder or transferring Physician who deems Emergency Air Transportation medically necessary. Services must be provided by a medically equipped helicopter or fixed-wing aircraft that is provided by a common air ambulance carrier.

Emergency Ground Ambulance Coverage³. MASA shall cover Out-of-Pocket Expenses incurred by the Member resulting from Emergency Ground Transportation, necessitated by a Serious Emergency, to the nearest and most appropriate Medical Facility readily capable of receiving a Member and providing the necessary level of care, as may be required due to the Serious Emergency, or to a Suitable Airport for the purposes of Emergency Air Transportation, as may be required by the Serious Emergency.

No action and/or inaction by MASA shall be considered a waiver of a term, condition and/or right under this Agreement unless expressed, as described above. Any failure and/or refusal by MASA to enforce any provision of this Agreement shall not be construed as a waiver of a term, condition and/or right effected by such provision or impairment of MASA's right to enforce a term, condition and/or right affected by such provision or any other provision of this Agreement thereafter.

Subrogation. Member hereby irrevocably assigns to MASA all of Member's rights, entitlements, and interests in any and all insurance policy and/or plan benefits to which Member may be entitled to receive monies for any of the same services provided herein by MASA.
